Whole Health Counseling AMFT Program

Whole Health Counseling offers individual and couples therapy. Our goal is to become a collective of 10-20 Associate and Licensed Marriage and Family Therapist in San Francisco and the surrounding Bay Area. We offer group supervision, a competitive salary, payroll processing, referrals for new clients and ongoing trainings. Whole Health Counseling is founded by Traci Freeman, who has been private practice since 2018.

How it works:

1. All AMFT's are welcome to join group supervision on a weekly basis, when space is available. The cost is \$60 per month. Each group runs 4 months (or 16 weeks, whichever is longer) and there is a maximum of 6 people.
2. You will be charged a \$200 monthly fee that covers:
 - A. Credit card processing fees for your clients
 - B. Up to 3-hours office space per week at no additional cost, when available
 - C. Bi-monthly trainings (up to 2 hours) on various topics
 - D. Payroll and bookkeeping costs
 - E. Marketing and SEO optimization to gain referrals and clients
3. Your supervisor will be paid directly on a monthly basis from your gross income. This amount is determined between you and your supervisor.
4. Whole Health client referrals. There is a set rate for new clients who choose to work with an associate: \$130 individual (teens and adult) and \$140 couples. For every referral you receive, WHC will pay you \$70 per session. EX: 7 clients per week = \$490 per week / \$1960 per month
5. Any intake / referral you receive from WHC must be responded to within 24 hours to set up a complimentary 20-minute consultation.
6. If you have clients that are not referred by Whole Health, you keep the entire session fee. You will determine the rate, process it through WHC square and be paid in full on your monthly paycheck. You have control of your earning potential.
7. Whole Health requires you have a minimum of 5 time slots for referrals. Once those are full you will notify us if you have other openings. A minimum of 3 time slots must either be between 9-11am or 4-7pm. Working weekends is your choice and you can use out offices on Saturday or Sunday for a set rate of \$10 per hour.

8. At the end of each month you will receive your paycheck and income / expense statement that has the following information:

Gross client income (everything you process through Square)

Fees deducted: WHC monthly, office hours, referral fee, supervision

Payroll taxes

Office Space rented (onsite or otherwise) _____

Net Income
