COUNSELING

Mind, Body, Career, Relationships

## Whole Health Counseling Employment Program

Whole Health Counseling offers individual and couples therapy. Our goal is to become a collective of Associate and Licensed Marriage and Family Therapist in San Francisco and the surrounding Bay Area. Whole Health Counseling is founded by Traci Freeman, who has been private practice since 2018.

We offer supervision, a competitive salary, payroll processing, referrals for new clients and ongoing trainings. We are a for profit private counseling center so you can only join when you have a AMFT number or are a licensed therapist.

How it works:

1. Supervision is offered individually and in triads. Once an associate has more than 10 hours of clients they can join a group supervision that is 2 hours or get outside supervision. Supervision is free until an AMFT has 3 clients then individual supervision will be \$50 a session and a triad will be \$40 a session.
2. If you are a AMFT and want to solely see your supervisor, a supervisor agreement will be signed between WHC and them.
3. All therapists employed by Whole Health Counseling are paid 60% of their gross income during a pay period.

Benefits of employment:

- Simple Practice Account paid monthly - \$49.00 (notes, payment processing, scheduling and documents are held here)
- Weekly supervision at a very discounted rate
- Office space for in person sessions, although you can rent your own if you prefer
- Marketing done by WHC and referrals come straight to you
- Name, picture and contact information on the WHC website
- Community with other therapists
- New training every quarter on various topics, no cost to you
- Training on how to establish a business, guidance in private practice and support to launch as a LMFT
- When you leave WHC you will take those clients so there is consistency of care in therapy.

4. Any intake / referral you receive from WHC must be responded to within 24 hours to set up a complimentary 20-minute consultation. You will be guided about the intake process and supported as needed.

5. Whole Health requires you have a minimum of 6 time slots for referrals, at least 4 in person. Once those are full you will notify us if you have other openings. A minimum of 3 time slots must either be between 9-11am or 4-7pm. Working weekends is your choice.

6. Associates can use the office as long as it is available. Sign up for sessions on an “as need” basis. You can book up to 2 weeks in advance.

7. An AMFT or LMFT, LPCC can offer any type of community support group and use the community room at our current office (which is beautiful and comfortably holds 20 people). Whole Health will advertise it on the website,

on the SF CAMFT list serv and market to the community as appropriate. WHC is open to your ideas, interests and skills. We really want to foster a place where therapists can grow and the community strengthens.

8. Our payroll cycle is the 25<sup>th</sup> day of one month to the 24<sup>th</sup> day of the next month so you are paid as close to the first day of each month as possible. At the end of each cycle you will receive your paycheck along with a payroll statement that itemizes your sessions and hours.

What are the next steps?

- You can reach out anytime to request an application. Please submit it along with your resume to [Traci.therapistsf@gmail.com](mailto:Traci.therapistsf@gmail.com)
- We can set up an interview to discuss your goals, hopes and see if there is a mutual interest.
- We can make a decision at any time to have you as an employee. Please contact us when you receive your associate number and we will schedule your onboarding.

**Be part of a community that values the work, each other and having fun!**
